

DEVA
B U S I N E S S
www.devabusiness.ro

How can we help your business:

- Providing general information on the legislative framework, investment climate, potential locations and sectors of interest in the municipality of Deva;
- Main interface between investors and the municipality, in the areas of interest;
- Supporting companies that intend to enter the local market or develop already operational production capacities;
- Support in identifying local resources needed for investment and potential suppliers;
- Assistance services in the implementation of projects throughout the decision-making process;
- Providing assistance to investors in selecting locations and identifying potential local partners;
- Post-implementation services for investment projects.
